# STOP-RACISM

A JOURNEY TOWARDS INTERCULTURAL UNDERSTANDING

The STOP-RACISM project aims to bring about a significant change in our society's fabric by focusing on its most dynamic demographic – the youth.

The project is born from the urgent need to curb growing prejudices and racial discrimination.

The STOP-RACISM project blends education with engagement, fostering awareness while ensuring active participation.

## Objectives

- Advocate for tolerance, respect for diversity, and non-discrimination among the young populace.
- Enlighten young individuals about the hazards of racism and the need to eliminate prejudice.
- Render support for those from minority groups who have been subjected to racial prejudices.
- Implement non-formal techniques and gaming technologies to enhance personal growth, especially for those with limited opportunities.
